## What Is Dilaudid?

Dilaudid is the brand name for **hydromorphone**, a prescription **opioid analgesic** used to treat moderate to severe pain. It works by interacting with opioid receptors in the brain and spinal cord, helping reduce the perception of pain.

Healthcare providers may prescribe Dilaudid for:

- Post-surgical pain relief
- Severe injury-related pain
- Chronic pain management under medical supervision
- Short-term treatment of intense pain conditions

Because Dilaudid is a **controlled medication**, it should only be used under the supervision of a licensed healthcare professional.
